

Polen Implement External Customer Data Use Agreement

This document outlines our (Polen Implement) policies regarding data use and management of customers' (your) machine and agronomic data. This policy may not apply to personal information such as name and phone number. Polen Implement is very serious about data security and will treat customer data with integrity. Questions and concerns can be emailed to privacy@polenimplement.com.

Information collection, use and sharing

Machine data may be collected and utilized in performance analysis or making other usage type recommendations. Agronomic data may also be collected with customer's permission. Permission to these data will not be shared with third parties by the dealership intentionally, and only upon customer request or approval will these data be shared.

Customers may choose to manage their machine and agronomic data individually and grant third parties access by forming partnerships that limit and grant permissions on what data can be accessed. If the customer declines to manage their data then the dealership can do so according to the Policy outlined in this document.

Your access to and control over information

If customer chooses to individually manage their data then they will have access to view and interpret the data collected. Otherwise the customer can contact the dealership and view operational data collected.

Security, Redress and Updates

Reasonable and accepted means are used to protect customer machine and agronomic data; however, this is NOT an absolute security guarantee.

All questions and concerns can be emailed to privacy@polenimplement.com.

Updates may be made to this document from time to time. Please check back for changes, specific questions may be sent to privacy@polenimplement.com

I have read, understand and agree with the terms and conditions of the above policy.
