

# Are you using an off-brand oil and filter in your John Deere engine? Then this free offer is for you.

**Free JD oil/filter change with service!\***

Right now is the best time to have your equipment serviced by Polen Implement's trained technicians. That's because if you've been using a non-John Deere brand oil and filter on your John Deere-engine equipped tractor or other JD agricultural machinery, you automatically qualify for a **FREE** JD filter and oil change while your equipment is here. Plus, you'll get a coupon worth \$20 off your next \$100 purchase of John Deere filter and oil products.

We'd just like a chance to show you how vastly superior John Deere OEM filters and oil are in reducing maintenance costs and extending your John Deere engine's life. Because when you have a lot of time and money invested in your equipment, that's a very good thing to know. Offer ends April 30, 2017 so call and schedule your service today.
